Immaculate Conception Catholic School

WELCOME BACK!

Dear Families,

What a wonderful blessing to be able to welcome you back on campus. Although things are a little different, it is truly a blessing to have the students on campus for in-person learning and instruction. The campus sounds and feels different thanks to the presence of children playing and laughing. I cannot thank you enough for the trust you have given us to keep your children safe in such uncertain times. Please continue to pray for us as we navigate through the storm.

Currently we get to attend mass in small groups due to the guidance provided to us through the department of health services. For the other students who have to stay on campus, we are providing a live stream and then they can go up for communion at the church after mass. This is working well for the time being. We are being advised to avoid whole school gatherings until further notice so this is forcing us to cancel our weekly flag ceremonies as well as any schoolwide programs we used to have. The staff will seek alternatives to these celebrations to keep the spirit of our school alive.

Thank you again for being patient and flexible during this time. It is not something we take lightly. All of us are on new frontiers and I believe that this community is thriving despite the chaos. It is a partnership that has the students best interest in mind. We have been through a difficult situation together, and for that I am most grateful. Thanks for walking with us through this, "together."

Blessings,

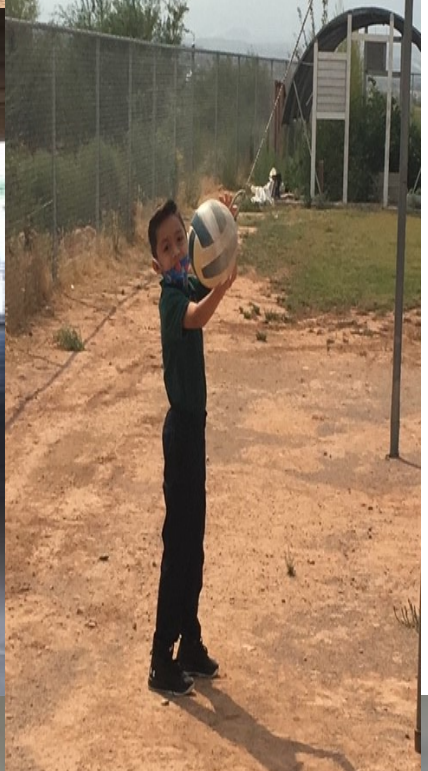

Mr. Hernandez

So good to be back!

#3rd Grade

To conclude their space exploration, 3rd grade created Solar System models. You can see the entire collection on our Facebook page. Excellent job!!!!!!

Thank you for supporting our school and teachers in such an uncertain time. I know it has been hard on all our families to decide whether or not you were going to send your children to school. Please know that no matter what you have decided to do at the present time, you are supported. We love this community and want to serve you the best possible way we can!

It is really confusing!!!
